

- All reports are based on a single unit. The loading will double if both products are placed at one end.

## ■ Technical Specifications

|                                    |                         |       |
|------------------------------------|-------------------------|-------|
| Sample-Modular Model               | MUB12 (MUB1+MUB2)       |       |
| Test Requested                     | Load Compression at 50% |       |
| Test Speed                         | 0.8 in/min              |       |
| Initial dimension (Inch)           | Outer diameter          | 2.95  |
|                                    | Length                  | 3.01  |
| After exposure dimension (Inch)    | Outer diameter          | 2.99  |
|                                    | Length                  | 2.97  |
| Change in dimension (%)            | Outer diameter          | 1.44  |
|                                    | Length                  | 1.358 |
| Load at 50% compression (kN / lbf) | 12.87 kN / 2,893 lbf    |       |
| SGS Visual Observation             | No damages observed.    |       |
