

- All reports are based on a single unit. The loading will double if both products are placed at one end.

■ Technical Specifications

Sample-Modular Model	MUB1A2 (MUB1A+MUB2)	
Test Requested	Load Compression at 50%	
Test Speed	0.8 in/min	
Initial dimension (Inch)	Outer diameter	3.2
	Length	5.4
After exposure dimension (Inch)	Outer diameter	3.2
	Length	5.4
Change in dimension (%)	Outer diameter	0.45
	Length	-1.67
Load at 50% compression (kN / lbf)	10.66 kN / 2,383 lbf	
SGS Visual Observation	No damages observed.
